

NORDIC ALS- CONFERENCE

Denmark, August 23 – 25

MUSKELSVINDFONDEN 

It is with great joy that Muskelsvindfonden is inviting to the 9th Nordic ALS-Conference and we are hoping for a big turnout from all Nordic countries. The conference is aimed at ALS-patients, their families, healthcare professionals and health care organization employees.

The conference will be held in English.

We wish to create an atmosphere where new insights, new knowledge, new friendships and networking can flourish. We hope that by coming together we can create a good dialog and a productive debate.

Friday afternoon there will be a timeslot between 16.40 and 17.30 where participants are asked to speak on a topic of their own choice. We advise that participants from each country already at this point start to consider which subjects they find important to discuss.

In addition we ask each country's delegates to prepare a short piece for Friday evening's entertainment. This could e.g. be a small sketch, a song, or something third.

Date: August, Friday 23th – Sunday 25th

Location: Musholm Bay Holiday Resort,
Musholmvej 100, 4220 Korsør,
